

## **Mortuary Freezer**

**High Quality Material, Advanced Engineering, Salient Operation, Energy Efficient, Easy to use and Maintain.**

**Designed to meet demanding requirements for scientific, Laboratory research and public funeral purpose. Advanced engineered design incorporates the latest in cabinet, refrigeration and temperature control features. It provides energy efficient, convenient, safe and reliable performance.**

## MOBILE SERIES :

Designed for trusts, mobile ambulances for maximum flexibility and strongest design. These cabinets or chambers are energy efficient and also provide excellent cooling performance anywhere they are used.

**Designed For hospitals/Postmortem use where maximum Flexibility, Comfortable Handling and Easy to Maintain is must.**

Model	Mobile Series	
	WCMR 11 ROUND	WCMR 11 FLAT
DIMENSION (W x D x H)	98*29*34 (INCH)	98*29*29 (INCH)
CHAMBERS	1	1
POWER SUPPLY	230 v   1 ph   50 Hz	
REFRIGERANT	Green Refrigerant R134a	
TEMPERATURE	0 ° c ( auto control ) (static type)	
Morgue Tray	Stainless Steel with 4 handles (23"x 72")	
Application	Designed for trusts, mobile ambulances for maximum flexibility and strongest design	
COOLING TYPE	Static Cooling	

## CABINET CONSTRUCTION

- CFC Free polyurethane cabinet and door foam insulation.
- High-impact smooth, corrosion resistance exterior stainless steel body which provides attractive appearance and easy to clean surfaces.
- Polycarbonate transparent Top door provides clear vision inside and less weight to handle.
- Interior and exterior of the freezer cabinet are long life and corrosion resistance stainless steel material.
- Combination cabinet mounted with high illumination energy efficient LED lights and door perimeter gaskets provides multiple points of sealing door. Ensures reliable frost resistance performance and enhances energy efficient performance for long term storage.

- Multi-feed cold wall evaporator design provides superior refrigerant flow and maximizes cooling power by ensuring that the evaporator is always 100% in contact with the freezer wall, maximizing cold transfer into the freezer and heat removal from the chamber.
- Heavy duty swivel locking casters and two front adjustable leveling feet allow for easy mobility of freezer and stability upon final placement of freezer.

## REFRIGERATION SYSTEM

- Air cooled condenser, high capacity with large surface area. Copper grooved piping maintains optimal efficiency and performance.
- Evaporator design enhances refrigerant flow increasing the overall efficiency, temperature uniformity and recovery performance.
- Refrigeration system is powered by an advanced low noise high performance refrigeration system using Reciprocating Compressor
- CFC- Free, commercially available refrigerants are used: R314a or R404a

State: Gujarat 360003, INDIA

## Tele SERIES :

Our standard mortuary cabinets are available in one, two, three, four, six and eight bodies; we also make customized units for larger sizes. These cabinets or chambers are energy efficient and also provide excellent cooling performance anywhere they are used.

**Himalaya (Wide cool) proposes a large catalog of mortuary freezer, mortuary refrigerator, mortuary chamber, cold rooms for bodies, body transport trolley, autopsy table, coffin refrigeration, etc....**

**Designed For hospitals/Postmortem use where Energy efficiency , Temperature Uniformity, ease of use , reliable operation and safety is must .**

Model	Tele series			
	WCMR 11T	WCMR 12T	WCMR 14T	WCMR16T
<b>DIMENSION</b> (W x D x H)	33*86*43 (INCH)	33*86*68 (INCH)	63*86*68 (INCH)	93*86*68 (INCH)
<b>CHAMBERS</b>	1	2	4	6
<b>POWER SUPPLY</b>	230 v   1 ph   50 Hz		440 v   3 ph   50 Hz	
<b>RERIGERANT</b>	Green Refrigerant R 134 a / R 407			
<b>TEMPERATURE</b>	0° c ( auto control ) ( forced draft )			
<b>Morgue Tray</b>	Stainless Steel with Telescopic mechanism for easy handling			
<b>Application</b>	Designed For hospitals/Postmortem use where minimum flexibility but maximum comfortable handling			
<b>COOLING TYPE</b>	Forced Draft Cooling-With defrost system			

## Features

- **CFC Free** polyurethane cabinet and door foam insulation.
- High-impact smooth, corrosion resistance exterior **stainless steel body** which provides attractive appearance and easy to clean surfaces.
- Morgue Tray with **Telescopic mechanism** enhances flexibility and ease of operation
- Combination cabinet mounted with high illumination **energy efficient LED lights** and door perimeter gaskets provides multiple points of sealing door. Ensures reliable frost resistance performance and enhances energy efficient performance for long term storage.
- Multi-feed cold wall evaporator design provides superior refrigerant flow and maximizes cooling power by ensuring that the evaporator is always 100% in contact with the freezer wall, maximizing cold transfer into the freezer and heat removal from the chamber.
- Audio visual alarm system on high and low temperature; Forced draft Air circulation for maintaining chamber temperature ; Environment friendly Non CFC refrigerant; Digital LED display for temperature display.

## ADDRESS

Nr. Greenland Circle, Opp. D-mart Mall,  
 Kuvadava Road, Dist : Rajkot,  
 State: Gujarat 360003, INDIA

We feel privileged to introduce you with **Himalaya– Wide cool Refrigeration Products**. We are nascent organization of Gujarat into the function of Refrigeration Manufacturing and Services with presence at Rajkot since 1985.

Wide Cool Refrigeration Solution has a long standing records since 1985 in the manufacturing of high quality commercial and industrial refrigeration products as well as Kitchen Equipment based. With an undeterred focus on customer needs, Himalaya (Wide Cool) Refrigeration Products develops & delivers ideas & technologies for their product of tomorrow.

"We provide services for all aspects of industrial refrigeration and piping including initial design, installation, and start up of new systems and maintenance of existing facilities."

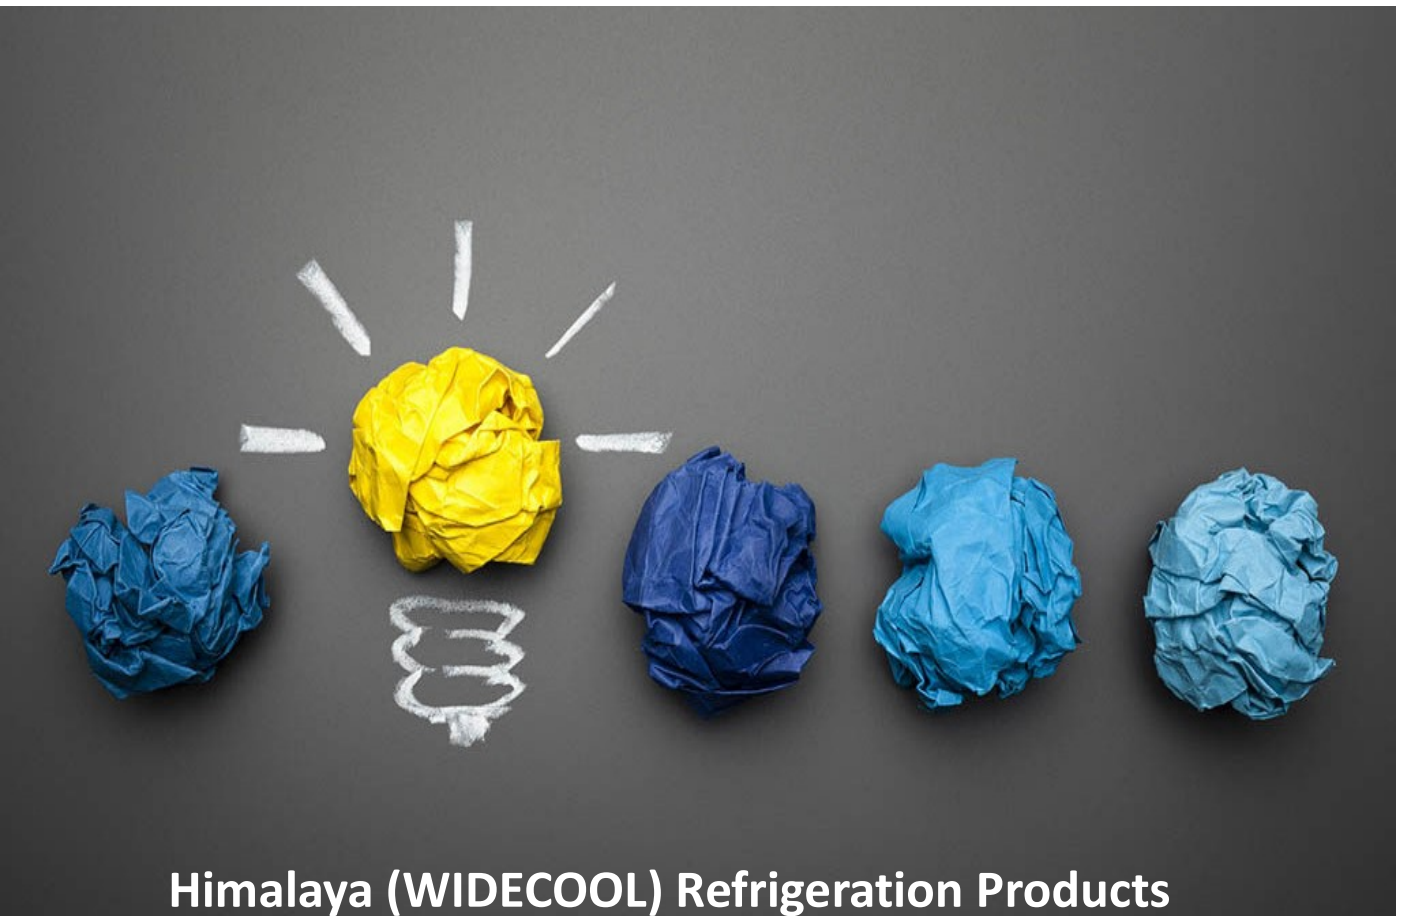

**Product Range:**

Water Cooler | Deep Freeze | Bottle Cooler | Upright Freezer | Under Counter freezer | Cold Storage Solution | Dehumidifier | Chilling Plant | Bulk Milk Cooler | Gallon Milk Cooler | Ice Pan Machine | Ice Cream Machine | Ice Candy Production Machine| Food Heater | Ice Cream Hardener | Butter Milk Cooler | Soda Dispenser | Visi Cooler | Refrigerated Display Counter | Mortuary Machine | and Many More to Introduce

**Industries we serve:**

Dairy Product Industry |Ice Cream Industry | Food Processing Industry | Fruit Ripening Industry | Logistic Hotel - Restaurant | Horticulture/Floriculture Industry | Retail Outlet for Dairy-Ice Cream | Hospitality Industry | Pharmaceutical Industry | Plastic Industry | Chemical Processing Industry | Biological/Research | Seed Industry

**We are offering a single source for one of the widest ranges of innovative refrigeration and air conditioning solutions in India and we back technical solutions with business solution to help your business reduce cost, streamline processes and achieve your business goals.**

**Himalaya (WIDECOOOL) Refrigeration Products**
